

## Melbourne's Best-Kept Secret!

Take a fabulous voice, great musicians, and a willingness to give the crowd exactly what they want, and you have...

# SHINE

*The Band* - corporate

*The Trio* - weddings, functions of all types

*The Duo* - jazz and cruisy vibes

*SHINE The Trio* is our most popular line-up, and amazing value. Cheryl's gutsy voice, Paul's driving guitar and vocal, and John, with what seems like 15 fingers on keys. We sound like a live band, but at half the budget. With the emphasis on "live", ***we don't use karaoke-style backing tracks.***

We like to add Glenn on sax for some extra sparkle – he's worth it!

We've squeezed into tight spots in small function rooms, and strutted the larger stages of glamorous ballrooms, from the Hyatt to the Convention Centre and Palladium at Crown.

*SHINE The Band* means a drummer and bass player, when only the best will do. We've played corporate functions across town and country, and had people jumping onto the dance floor every time.

*SHINE The Duo* is either Cheryl and keys, or, Cheryl and acoustic guitar. For laid-back, classy ambience, and for wedding ceremonies, this is ideal. Do you have a favourite song? Let us know.

*SHINE* have been working together for 11 years, but combined experience goes far beyond...

Cheryl is one of Melbourne's best kept secrets. She's recorded with Sting's band, and written songs with Jason Nevins, Martha of the Motels, and Avril Lavigne's songwriter. We're lucky that she wanted to come home after 10 years in London and New York. Check our demos to hear her voice, and believe that she can bring this quality to your event. But don't tell too many people!

Paul has played with Icehouse since 1990. The re-release of Icehouse albums in 2012 saw them perform at major festivals like Homebake, Meredith, Day On The Green, and a huge national tour with Hall & Oates. Hopefully, Iva Davies won't be asking for him on the night of your event!

Glenn, John, Angus, Steve, Roger, are the best in the business – working with John Farnham, Little River Band, Jon Stevens (Noiseworks), Ross Wilson, Joe Camelleri, Frankie J Holden, Kate Ceberano, and a long list of Australia's top talent. Glenn, our sax player, also joined Paul in Icehouse on the 2012 tour. John is an arranger for live-to-air Channel 9 TV shows, including Carols By Candlelight, Hey Hey It's Saturday and The Footy Show, working with John Foreman, Geoff Harvey, etc.

It's no secret that SHINE knows how to bring a band to life and give everyone a good time.
